Welcome to Guest Speaker – Colin Peterson

Guest Speaker – Michelle Moffat

Topic: What AI is and why it is important?

Michelle is a fintech leader and a strong supporter for collaboration and interaction between humans and machines. She believes that by harnessing the power of technology with a human centric approach a harmonious and balanced future is possible that will benefit all. Michelle thinks that it's never too late to learn and has taken up drum lessons so she can rock on in her spare time!

Professional background includes Chief Risk Officer for Wise Australia Pty Ltd, and Head of Internal Audit for Tyro. She currently consults and advises on AI risk management and implementation.

Vote of Thanks: Colin Peters0n

Following the meeting, members are warmly invited to
