11. Introduction of Guest Speaker (Jehangir Sidhwa):

Peter Thorpe

Topic: Artificial Intelligence for Seniors

Probus Club of Cabarita and Breakfast Point Inc

In 1996 Peter founded his own website design and internet marketing business, which he ran successfully for over 20 years.

Ever since then, he has had a keen interest in technology. Today, Peter's fascination with technology has evolved into a keen interest in Artificial Intelligence (AI). This enthusiasm has culminated in his latest books: "**A Simple Guide to AI and Artificial Intelligence for Seniors.**" Written in easy to follow, straightforward language, these books demystify AI and show readers how to leverage its power to enhance their daily lives.

Peter specialises in simplifying complex topics, making them accessible and easy to understand. Under his guidance, you'll find that mastering AI is not only possible but also surprisingly simple. You'll discover the many ways AI can improve your life and have a lot of fun exploring the possibilities.
